Guide to Studying Abroad with ACA

2022-2023

What Is ACA?

“The professors are absolutely kind, selfless, and thoughtful; I can tell that they genuinely care for the students. I really appreciate how they try to make us feel at home while studying abroad.”

—Chidinma Wilson (OU), ACA Argentina

Adventist Colleges Abroad (ACA) Consortium consists of 13 Seventh-day Adventist universities and colleges located primarily in North America. ACA provides qualified undergraduate students with opportunities to study abroad at ACA-affiliated institutions while completing program requirements of their home universities. Through ACA, students are immersed in the culture and life of another country while becoming conversant in its language. Thanks to such experiences, ACA students will gain an appreciation of, and perhaps an inspiration for, mission or other multi-cultural service.

2

Covid-19 is a worldwide challenge that has created new dynamics for travel and study abroad. Our programs remain open in every country where it is safe to do so. We will continually monitor each country's status and make adjustments as needed. We are committed to prioritizing the safety of our students and staff while offering an exceptional study abroad experience that promotes cultural awareness and academic success.

Join us in offering students an opportunity to learn, grow, and expand their horizons through study abroad. Become an ACA sponsor.

ACA will match every dollar donated.

I have noticed my Spanish vocabulary growing and it is very exciting to see myself go from barely speaking to now being capable of holding a conversation.
