The ACA consortium provides opportunities to qualified undergraduate students for study in other countries while completing requirements of their programs at their home colleges. Students are immersed in the culture and life of another country while becoming conversant in its language. Through such experiences students also may gain an appreciation of and perhaps an inspiration for mission or other multi-cultural service.

THE PROGRAM

The student will be able to complete one entire level within a month, while it would normally require four months of study. The student will take a placement exam during the first days of arrival to determine the appropriate level.

Each level encompasses speaking, listening, comprehension, reading, and writing skills which will be taught during 120 hours of instruction inside and outside the classroom (from Sundays through Fridays). The program offers practical classes or outdoor activities every Sunday and ACA students will benefit from amazing trips to Salvador, Cachoeira - a historic city, Morro de São Paulo - Bahia and Praia do Forte. Students will be exposed to everyday life vocabulary not only inside the classroom but also in their free time while participating on campus activities, sharing meals, or engaging with students and employees.

Students coming to the ACA Summer Language Program will also be on campus during the winter season. During the month of July, FADBA students are on vacation, and many travel to work in order to be able to support themselves financially during the semester. However, about 300 employees will be working as normal and we also offer intensive courses, master programs, and theology courses, that will continue to give the ACA students opportunities to converse, interact, and practice their Portuguese.
